### Regional Board Enforcement Correspondence on Johnson + Johnson Construction Sites

As you requested on 05 January 2001 during the Vail Lake site inspection, enclosed find the current enforcement correspondence from the California Regional Water Quality Control Board, San Diego Region (Regional Board) concerning three Johnson + Johnson construction sites in the Temecula vicinity (North Park Plaza, Rancho California Highlands, and Vail Lake). Thank you for escorting Christopher Means and myself of the Regional Board, Steve Fuller, U.S. Environmental Protection Agency, and Abdul Behnawa, County of Riverside around the Vail Lake site on 05 January 2001. As an associate of Bill Johnson, Johnson + Johnson, I appreciate your offer of assistance in encouraging Mr. Johnson to resolve the violations at the three sites. The Regional Board has had no acknowledgement from Mr. Johnson that he received the five Notices of Violation/Noncompliance other than the U.S. Mail Return Receipts. Despite leaving numerous messages and voicemails for Mr. Johnson the Regional Board has yet to talk directly to Mr. Johnson. I will ensure that you receive a copy of all future correspondence from the Regional Board that is directed to Mr. Johnson in an effort to ensure communication with Mr. Johnson and resolve these violations.

Please contact me at (858) 467-2973 or [melb@rb9.swrcb.ca.gov](mailto:melb@rb9.swrcb.ca.gov) if you have any questions concerning this matter.

Sincerely,

Frank Thomas Melbourn, Esq., P.E.  
Water Resource Control Engineer  
Compliance Assurance Unit
